Pack Size: 4

POWER

DC DIRECT DRIVE MOTOR
High performance motor delivers 50% more power^.

LITHIUM-ION POWER

Lithium-ion battery provides enhanced power for long-lasting cordless use. With fast charging & sustained power performance, even at lower charge levels.

QUICK CHARGE SYSTEM

5min quick charge for a single instant beard or stubble trim.

CORD/CORDLESS USE

80mins cordless use from a 90min charge. Or connect to mains power for corded operation.

PRECISION

TRIMMING LIKE A PRO

2x comb guides with 48 precision trimming lengths for crafting all types of beard & stubble.

MOTORISED LENGTH CONTROL

0.4mm to 10mm trimming settings with ultra-precise 0.2mm motorised adjustments for extreme precision & length control at the touch of a button.

SMART STYLING

Smart memory function automatically stores & returns to the last selected setting for consistent trimming.

PERFORMANCE

PRECISION W-TECH BLADES

High performance, high strength steel blades cut 25% faster*. Specially designed with an innovative W-shaped moving blade for precision results.

CONTOURING FLEX HEAD

Ultra-flexing contouring head minimises pressure, for less irritation while perfectly adjusting to the curves & contours of your face.

LED DISPLAY

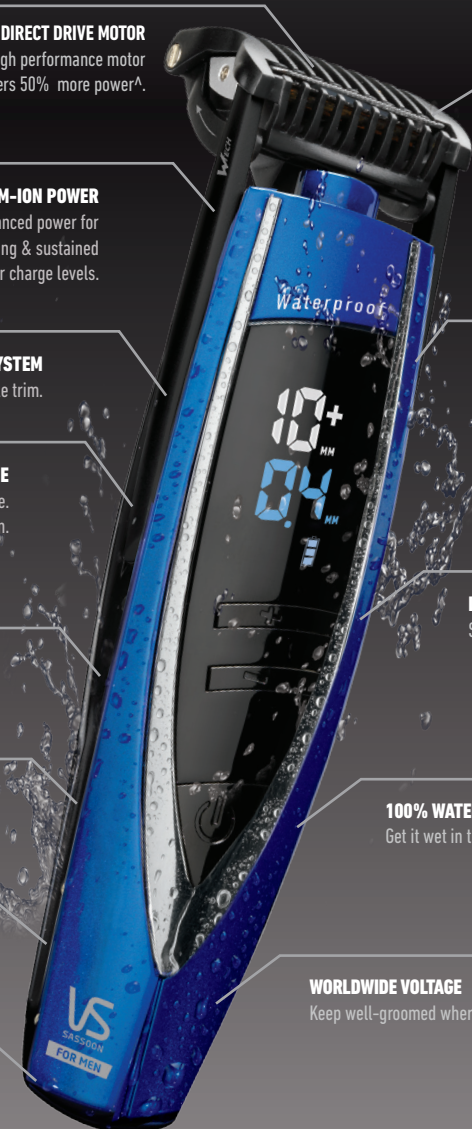

Shows trimming length setting & battery charge indicator.

100% WATERPROOF

Get it wet in the shower or simply use dry. Your call.

WORLDWIDE VOLTAGE

Keep well-groomed wherever you go.
