## STRAIGHT IN ONE PASS

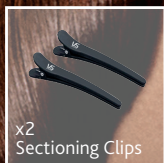

the best performance straightener\*\*

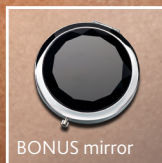

<b>IONIC FUNCTION</b>	Designed to ensure a straight in one pass result as negative ions are redistributed through the hair reducing frizz and static electricity. A smooth and beautiful finish everytime, it's our promise.
<b>CERAMIC HEATER</b>	A truly professional ceramic heater that delivers superior fast & constant heat. This will ensure fast and salon professional results.
<b>COMB GUIDES</b>	De-tangle, guide & smooth your hair all at once by using the optional comb guides designed to optimise the styling process.
<b>LONGER &amp; WIDER PLATES</b>	Ideal for styling in larger sections reducing the overall time it takes to style your hair.
<b>DIAMOND RADIANCE TECHNOLOGY</b>	Just feel how smooth this plate finish is. It is 50% smoother & 20% harder than standard ceramic*, providing diamond like luxuriously smooth perfection.
<b>140°C TO 235°C LED HEAT</b>	Personalise & adjust the temperature settings to suit your hair & style requirements.
