## SENSITIVITY AND CAUTIONS SPECIAL CAUTIONS FOR DELICATE AREAS

The True Glow Sonic Skincare Brush is a face, body and feet cleansing device that is intended to help you get clean and healthy-looking skin. The True Glow Sonic Skincare Brush is not a medical device and is not intended to be used to treat any medical conditions such as acne.

If you are under a doctor's care for any skin condition or if you think you have very sensitive skin, please consult your physician before use.

We recommend starting on the LOW setting and slowly increasing speed depending on how your skin reacts to treatment. If rash or irritation occurs, stop use.

We recommend not sharing the brush heads; each user should have their own brush head.

Do not use with exfoliation creams with rough or jagged particles.

Removing makeup can cause the brush head to discolor. This will not affect performance and the brush head can be used for the entire recommended life of 90 days.

If you experience any pain or discomfort during use, stop using and consult your physician.

Moisten your skin and apply cleanser. Also apply a small amount of cleanser to the moistened brush head. Do not apply pressure with the brush to the skin; let the sonic oscillation perform the cleansing. When finished, rinse with water and dry skin with a clean towel.

## USER MAINTENANCE INSTRUCTIONS

### CARING FOR YOUR TRUE GLOW SONIC SKINCARE BRUSH

1. After each use, wipe the brush handle with a damp cloth to remove any oils or lotions used during treatment. Be sure you keep the charging contacts on the sonic brush clean to keep the unit charging properly.
2. Once a week unplug the DC jack and clean the charger base to prevent buildup of oils and lotions. The 2 pin contacts must be clean for the unit to charge properly.
3. Clean unit thoroughly each week by rinsing under warm soapy water to help remove oil and lotion buildup, wipe with a dry cloth and store unit in its box or in a clean, dry place.
4. Remove brush heads once a week and rinse under warm soapy water to remove residue accumulated during treatment. Allow brush heads to air dry. Store in a clean, dry place.
5. Do not use abrasive cleaners for cleaning.
6. Do not put unit in dishwasher for cleaning.
7. When storing the brush off the unit, use the protective cover. This will prevent the bristles from deforming.

**Note: It is recommended to replace the brush attachments every 90 days, as the bristles wear over time and lose their efficacy. For replacement brushes call Conair Customer Service 1800-650-263**
